Disclaimer 免責事項

DICOM is the worldwide Standard for medical imaging and related information. It is published and copyright by the National Electrical Manufacturers Association (NEMA). The normative DICOM Standard is published in English, and is available free on the official website at <http://dicom.nema.org/standard.html>.

This document is a translation prepared by the Japan Medical Imaging and Radiological Systems Industries Association (JIRA) under agreement with NEMA, with the intention to help Japanese readers understand the DICOM Standard more readily.

This translation represents a "best effort"; however, differences in meaning may exist between this translation and the normative DICOM Standard. Further, the DICOM Standard is under continuous maintenance and extension, so readers should expect that there are changes that are not reflected in this translation.

In the event of any difference between this translation and the DICOM Standard published in English by NEMA, the English version is normative and takes precedence.

Implementations shall claim conformance to the normative DICOM Standard. Users are advised to obtain the most current documents of the DICOM Standard directly from the official website.

DICOM は医用画像と関連する情報に関する国際標準規格です。DICOM 規格は米国電機工業会 (NEMA) が発行し著作権を有します。DICOM 規格の規範文書は英語で出版され、公式サイト <http://dicom.nema.org/standard.html> から無償でダウンロードが可能です。

この文書は日本語を好む読者が DICOM 規格をより容易に理解するための手助けを意図して、NEMA の許可を得て一般社団法人日本画像医療システム工業会 (JIRA) が提供する翻訳です。

この翻訳は最善の努力を以て提供されていますが、この翻訳と規範 DICOM 規格の間に意味の違いが存在するかもしれません。更に、DICOM 規格は継続的な保守と拡張が施されているので、読者はこの翻訳に反映されていない変更が存在することに留意する必要があります。

この翻訳と NEMA が発行する英語版の DICOM 規格との間に差が生じた場合は、英語版が規範であり優先します。

実装は規範 DICOM 規格への適合性を宣言しなければなりません。使用者は DICOM 規格の最新の文書を公式サイトから直接入手することが要望されます。

2. JIRA Activities

In the event of any difference between **this translation** and the **DICOM Standard published in English by NEMA**, the **English version is normative and takes precedence.**

この翻訳とNEMAが発行する英語版のDICOM規格との間に差が生じた場合は、英語版が規範であり優先します。
